EU Declaration of Conformity (DoC)

Doc. N.: 44452-26 **Date:** November 2026

This declaration of conformity concerns our Part number:

B-9201213AN0PB0

Due to the absence of any specified harmonized standards relating this type of connector or accessory, we are drawing up this declaration of conformity in accordance with the harmonized standard EN-6039-Part I, in clauses of applications, as well as EN-60529 (IP67) and NF-C-20-711.

Pursuant to article 8 of the European Commission Directive 73/23/EEC of 19th February 1973, and in view of the fact that no specific harmonized standard exists for this type of connector or accessory, it is a sufficient and necessary condition that our connectors or accessories satisfy the requirements for safety in article 2 of the aforementioned Directive, in order to affix CE marking and thereby be entitled to free circulation throughout the European Economic Area.

This installation and maintenance of connectors or accessories should be correct and their use correspond to the purpose for which they were designed.

By virtue of the article 10 of the European Commission Directive 73/23/EEC, we hereby issue this Declaration of Conformity for our connectors or accessories adequately described and referenced in the catalogue supplied for such purposes, which also contains instructions for their use.
